WEDNESDAY, MAY 30. 1739.

No 1227.

Vienna, May 12. O. S.

THE last Letters from Hungary say, That the Turks, hearing the Imperialists were preparing to march towards Meadia, had reinforced that Post with some Troops, and caus'd several Batteries to be erected for its Defence. 'Tis confirm'd, that they are assembling the Bulk of their

Forces in Moldavia and on the Side of the Nieper.

Rome, May 5. O. S. In a Consistory that was held last Week the Pope made a very pathetic Speech upon the present War against the Turks, wherein he exhorted the Cardinals to contribute what they could spare towards the necessary Expences of it; and thereupon Cardinal Acquaviva gave 2000 Crowns, Cardinal Caraffa 1000, &c. And when the Collection has gone round the Colleges, the Money is all to be sent to Vienna.

Warsaw, May 10. O. S. A Spy from the Russian Army having been detected at Bender, the Bashaw has caus'd the Soles of his Feet to be whipp'd, after the Manner of the Turks, in order to oblige him to declare what he knows; and he has impeach'd four Persons that follow'd the same Business, and have receiv'd the same Punishment.

Dresden, May 14. O. S. They write from Leipzig, That the first Day of the Feast of Pentecost, or Whitsuntide, was celebrated there with more than usual Splendor, because on that very Day two Centuries ago Martin Luther preach'd his first Sermon in St. Thomas's Church at Leipzig, in Presence of the Emperor Henry; but, say the Letters, the Festival would have been still more complete, if the Court had not expressly prohibited the singing of a couple of Hymns that have too much of enthusiastic Rant to be of the true Spirit of the Gospel.

Naples, May 9. N. S. Last Thursday we had an Account from Fiano, That a Corn Merchant of that City, imagining, by the little Prospect there was of a good Harvest at the Beginning of last Month, that what he had lock'd up in his Granaries would therefore fetch more Money when it came to Market, neglected to sell his Corn at a reasonable Price, in Expectation that it would rise considerably; but that the Alteration of the Weather having reviv'd the Corn in the Ground, and the Price of that in the Market falling on a sudden, the Wretch, for meer Vexation that he could not starve his Neighbours, took the noble Resolution of being his own Executioner, and hang'd himself near his Hoard.

Milan, May 13. N. S. 'Tis computed that there were no less than a hundred thousand Strangers, and among them 15000 Priests, here last Sunday to see the Count de Stampa, Cardinal and Archbishop of this City, make his publick Entry here, which was more magnificent than any thing seen here before on the like Occasion. His Eminency's Body-Coach, which cost above 100,000 Crowns, was preceded by many other Coaches that were exceeding rich and gay. And there were 16 Mules in the Cavalcade, cover'd with stately Houfings, on which his Eminency's Arms were finely embroider'd, besides Horses both for the Saddle and Coach, taken out of the most noted Studs in Europe, and magnificently caparison'd; which, together with the splendid Liveries, struck the Eyes of the Spectators with Amazement. All the Colleges and Magistrates, and the Chapters and the Clergy made up the Train of his Eminency, who rode on Horseback, with a Canopy borne over his Head.

Dublin, May 22. Last Week a Proclamation was published by their Excellencies the Lords Justices, to prohibit any Persons from harbouring, abetting, or giving Assistance to John Leadwell, George Leadwell, Carden Bennett, Thomas Bennett, or Thomas Leadwell, concerned in the Murder of Lieutenant Hume. And they are required to surrender themselves to any of his Majesty's Justices of Peace before the first of August next.

On Saturday Morning last a Woman and her young Child, both very neat and clean dress'd, were found in the River at George's Quay, the Child in its Mother's Arms; they had fast hold of each other.

The same Day died of his Wound, at the Infirmary on the Inns, the Prisoner in the City Marshalsea, who was shot into the Shoulder and out of the Back Saturday-se'nnight in the Riot in the said Marshalsea, as formerly mentioned.

Sunday last, Capt. Clarkson was taken on the River Liffey, being charged with the Murder of Darby Quin, commonly called Cauldmore, a Porter on the Custom-house Quay. About Seven Weeks ago, being insulted by Quin, he gave him a Blow on the Head; on whose Examination he was arrested, but admitted to Bail. On Saturday Night last, the Porter died; and on Sunday the Captain arrived here from Liverpoole, and was taken as above. Yesterday the Coroner's Inquest sat on the Body, and brought in their Verdict Natural Death.

The same Night the Prisoners in Meath-street Marshalsea, in a Room up Two Pair of Stairs, wrench'd the Iron Bars of the Window, and came all down by a Rope, and made their Escape. One of them was so conscientious as to return; and we hear they were so generous to him as to send him to Newgate, and have him double-bolted.

Last Week the Daughter of a certain Cutler on Ormond-Quay, who was a Widow, and had married a Coach-maker and Wheel-wright for a Second Husband, because her Friends would not be reconcil'd to her, out of a Pet threw herself into the Liffey: Her Husband was present, who cried to her as the Stream carried her down, 'Oh Jenny, Honey, is that the Way you leave me!' but never made any Attempt to save her. A Man, seeing her in the utmost Danger of being lost, leapt into the River, and got hold of her just as she was going under one of the Arches of Essex-bridge, and sinking, and with great Difficulty brought her to Shore.

A few Days ago the Rev. Mr. Thomas Hayney, Curate of St. Peter's Church, was married to Miss Harris in Peter-street, Daughter to Mr. John Harris, lately deceased, who belonged to the Choir of the Cathedral of Christ-Church and St. Patrick's, with whom he has got Three thousand Pounds Fortune.

The Drummer who ravish'd the Soldier's Daughter on Sunday-se'nnight, and was rescu'd by the Mob, as was formerly mention'd, has since married her by Licence.

The same Evening the greatest Demonstrations of Joy were shewn in many Parts of this City, by Bonfires, Ringing of Bells, &c. upon a Report of a Reprieve being granted by his Majesty to the Right Honourable the Lord Santry; but we are fully assured, that those Rejoicings gave his Lordship the greatest Uneasiness, as they were made altogether without his Knowledge or Approbation.

We hear from Armagh, that Two Men died there lately in Prison, upon each of whom was held a Coroner's Inquest; One of them was a Miller, charged with Murder by giving a Woman big with Child a Kick on the Belly, of which she languish'd some time and died; and beating and wounding his own Father, frequently to the Effusion of his Blood; the Third Crime was, assisting a vile Fellow in setting Fire to a poor Man's Cabin, and abusing the People; the Fourth Crime was wilful Perjury. He died in a very miserable Condition.

## C O U N T R Y N E W S.

Derby, May 24. The following several melancholy Accidents have lately happen'd in this Neighbourhood, viz. On Saturday-se'nnight a poor Man of Marchington, near Sudbury in Staffordshire, going into a Close to gather Water-cresses, a vicious Bull, that had but very lately been turn'd into the said Close, made furiously at him, and kill'd him upon the Spot; having rosi'd and torn him in a very dreadful Manner. We hear he has left a Wife and Six Children, and that she is also now with Child.

Last Thursday Evening Mr. Jonathan Cartwright, (better known by the Name of Jonathan Madkin) who kept the King's Head in Duffield, near this Town, being employ'd in e-vering a Mare with his Stallion, the Horse in coming off her, 'tis thought, let one of his Fore-feet fall upon his Breast, he being very suddenly seiz'd with great Pain, dy'd in less than half an Hour after. The Jury upon Enquiry, not being able to prove that he was kill'd by the said Horse, brought in their Verdict, that he dy'd by a sudden Stroke of Divine Providence.

We have Three or Four Days past had very hot Weather here, accompanied with much Thunder, Lightning, and heavy Storms of Rain, which have done much Mischief in this Neighbourhood; particularly, we are told, that at Langley, Four Miles from hence, Two Horses belonging to The Grace of that Town, were on Tuesday Evening last struck dead by the dreadful Lightning. Also about a Mile from the said Place a Calf was kill'd by Lightning at the same time. From Stableford, near Nottingham, we are inform'd, that the sudden and heavy Rains raised the Waters considerably thereabouts, and that Two Horses, by the Force of the Waters, were carried out of the Meadows, and drown'd near that Town.

We are informed by a Person of undoubted Credit of the following remarkable Occurrence, which lately happen'd at Mansfield, viz. that a Man riding in great Hast thro' that Town, his Horse stumbled and fell with such Force against a Stone, that he dash'd his Brains out, and broke the Stone quite in two; but that the Rider receiv'd no Hurt.

Colechester, May 25. A young Woman at Maldon was so terrify'd with the violent Tempest of Thunder and Lightning on Tuesday-se'nnight, that she was seiz'd with Convulsion Fits, and dy'd soon after.

A considerable deal of Damage was done by the said Tempest, in several Parts of the County of Essex; particularly at Burnham and Southminster, where large Quantities of Grains were spoil'd and destroy'd.

On Friday last a Woman at Coggeshal was deliver'd of a Child without Arms, and in the Place there were Two Thumbs having Nails on 'em; it had no Neck, the Head leaning upon the Breast-bone.

At the last General Quarter Sessions at Chelmsford John Saunders was discharg'd from the Gaol there, after having been confin'd upwards of Seventeen Years, for want of Sureties for the Maintenance of Two Bastard Children, sworn to him by Two Women at Cooperale near Epping.

On Sunday the 13th Instant the Dead-warrant was brought to Chelmsford Gaol, for the Execution of John Stocks the Wednesday following; for which, the usual Preparations were made, and the Constables and other Officers gave their Attendance; but about Eleven o'Clock on Wednesday a Messenger came to the Gaol with a Reprieve, in order for his being transported to the Plantations in America. He was condemn'd at the last Assizes for robbing Mr. Redman on the Highway of Thirty Shillings.

On Friday Francis Greenough, a Youth about Twenty Years old, hang'd himself in a Stable at the White Hart at Springfield; but being discovered before quite dead, he was cut down and blooded, which soon after brought him to himself again.

On Saturday Morning last John Shipman, who lately drove the Chelmsford Stage-coach, hang'd himself upon an Apple-tree in his Yard in Baddow-lane, and was not found till quite dead. He rose from his Wife about Three o'Clock, who ask'd the Occasion of his getting up so early, and was answer'd, that he was going to the Necessary-house.

## An Infallible REMEDY

For BROKEN-WINDED HORSES,

## Which has been published and sold

many Years before any Counterfeits in other Forms appeared; and highly commended from one Friend to another. The vast Quantities that have been sold do also verify its Efficacy and Virtues, for it most perfectly cures them, after all others Means have been ineffectual, to a Wonder, in a small time, without Confinement; by attenuating and opening the Globules of the Lungs dried up, and all the Passages obstructed by Humours dripping thereon, occasion'd by hard Riding, Colds, &c. It cures presently a free Perspiration, renewing its Force, Vigour and Length again, as well as ever.

It immediately cures those Horses only a little touch'd in their Wind, as also all continued Coughs, Colds, Wheezing, &c. being excellent in preventing many other Distempers incident unto them, by maintaining, preserving, and continuing a good Breath.
